MAXIMUM FREEDOM

LevelC

The fully automatic lifting support system
for caravans

LevelC

FULLY AUTOMATICALLY INTO THE HORIZONTAL POSITION.

Lightness and comfort combined. Quick and easy levelling.

Caravan owners need to keep an eye on the payload. Thanks to the use of lightweight materials, the complete hydraulic LevelC system weighs only approx. 20 kg more than mechanical crank supports. The controls are child's play. One push of a button is all it takes to level the caravan fully automatically and position it horizontally. For special cases, the supports can also be controlled individually. The permanently installed control panel is included in the scope of delivery; a touchpad or remote control is optionally available.

Experience maximum freedom with your caravan!

ALIGNMENT IN TWO STEPS GENTLY INTO THE HORIZONTAL POSITION

- | **Maximum** safety for chassis and running gear with alignment in two steps
- | **First step:** The caravan is levelled perfectly in width using the two hydraulic axle supports
- | **Second step:** The caravan is precisely aligned in pairs at the corners along the longitudinal axis using four hydraulic big-foot supports

SYSTEM WITH ADDITIONAL BENEFITS ANTI-THEFT PROTECTION

The LevelC for caravans not only enables the caravan to be levelled fully automatically in the shortest possible time; it also ensures that the caravan cannot be moved after that. This keeps it safe from theft when unattended.

**MAXIMUM
COMFORT**

EASY TO RETROFIT

The E&P LevelC for caravans can be retrofitted to almost all common single- and double-axle chassis.

Touchpad
(optional)

Remote control
(optional)

AT A GLANCE THE BENEFITS

- | Horizontal in a few minutes
- | Completely hydraulic
- | Stable and safe stand
- | Immediately ready for use
- | For single-axle and double-axle caravans up to 3.0 tonnes total weight
- | Extremely light

SCOPE OF DELIVERY

- | 4 x hydraulic AL-KO Big-Foot supports
- | 2 x hydraulic axle support
- | 1 x control panel
- | 1 x hydraulic unit
- | Oil tank, hydraulic lines, electronic control unit and control panel
